ABOUT ME

I graduated from the Faculty of Information Security at Tashkent University of Information Technologies. I am a specialist with strong knowledge and practical skills in the fields of Data/Investment/Business Analytics and Project Management. During my more than 3 years of work experience, I have improved my skills in financial and economic analysis, contract and project management. I have acquired good skills in preparing analytical materials, working with documents, creating financial models, and preparing presentations for investors.

WORK EXPERIENCE
